This is the outline of the Training Program offered through the Broward County School Board: 2-week program

Bus Operator Training Program

Phase One – Forty (40) hours of classroom required by the Florida State Department of Education (DOE), Basic School Bus Operator Training Curriculum. The objective is to ensure that each trainee obtains minimum proficiency concerning role, responsibilities, laws, regulations, and policies pertaining to transporting passengers on a bus.

Phase Two – Allows the trainee a supervised transition from the classroom to driving in a controlled training environment. This will include observing and actually driving in the working conditions of a Bus Operator. Trainees learn and practice every skill associated with transporting students on a Broward County School Bus.

Phase Three – At the conclusion of “Phase Two” each trainee must demonstrate to an Examiner the ability to successfully complete all items, as required, on the Commercial Driver’s License (CDL) and Broward County road tests.

For further information on Bus Operator Training Program, call the Pupil Transportation Department at 954-928-0168.
